MRCPUK Part 2 Clinical Examination (PACES)

Confidentiality Agreement for those organising the Examination: Results

Dear Host

Confidentiality of the provisional results of the MRCPUK Clinical Examination is of paramount importance. Only the Host Examiner may retain a photocopy of the *summary* marksheets in case the original marksheets are lost in transit back to the UK.

I would be grateful if you could emphasise to *all* members of the organising team that they must adhere to strict confidentiality at all times. The signatures of all those members of the organising team who have access to candidate marks are required to confirm that they will not divulge to a third party *at any time* any provisional results, station scores or any other aspect of candidate performance derived from their involvement in the current diet of PACES. In addition, it is forbidden to make photocopies of individual marksheets or to make or store any other record of candidate performance.

This document should be countersigned by you as the Host Examiner and handed to the Chair of Examiners for inclusion in the formal report on examination delivery. Thank you for your co-operation in this regard.

Yours sincerely,

Dr Donald Farquhar
International Associate Medical Director
