

MRCP(UK) EXAMINATION PROGRESS OF UK TRAINEES: 2016-2017 COHORT

OVERVIEW: Since August 2009 new CMT trainees have been required to obtain the MRCP(UK) diploma before entering into ST3 posts; previous trainee cohorts have only required successful completion of the MRCP(UK) Part 1 examination to apply for these positions.

DATA: The 2016-2017 data was obtained from the e-portfolio containing trainees at all levels.

- This report presents progression through MRCP(UK) examinations for the 2016-2017 trainee cohort.
- The data incorporated for comparison are from diets up to and including those sat on 01 June 2017.
- The bar charts show completion rates and the tables show those rates and attempt rates.
- Completion and attempt rates are shown for:
 - The start of the training year (i.e. completion rates and attempts as they stood on 01 September 2016),
 - The subsequent training year (Between 02 September 2016 and 01 June 2017), labelled as “During”.
- In the bar graphs the total completion rate can be seen to be the sum of the “start” and “during” columns
- The overall rates are shown in the table below

		Completed at Start	Completed during	Total
CT1	Part 1	60%	22%	82%
	Part 2	33%	26%	59%
	PACES	2%	12%	14%
		Completed at Start	Completed during	Total
CT2	Part 1	87%	5%	92%
	Part 2	74%	11%	85%
	PACES	32%	38%	70%
		Completed at Start	Completed during	Total
ST	Part 1	96%	0%	96%
	Part 2	95%	0%	95%
	PACES	94%	1%	95%

NOTES ON ANALYSIS:

- The e-portfolio data for London deaneries (Health Education North Central and East London, Health Education North West London, Health Education South London) were not specifically available, but were instead detailed only as ‘London’ and are therefore presented as such in the current report.
- Data for all CMT trainees were combined with examination results via matching on GMC number; hence any inaccuracies or misreporting of GMC number (either in the data provided by the deaneries/e-portfolio or in the records held at the college) could result in the mismatching of results.
- Percentages completed were calculated out of the total number of trainees.
- CT3 training level figures were included in the ST training level figures

Table 2. CT2 MRCP(UK) Completion Rates as of June 01 of each training year.

	2013-14	2014-15	2015-16	2016-17
