1. Introduction

The three Royal Colleges of Physicians of the UK share a common diploma and have devolved responsibility for the organisation of the examinations to MRCP(UK), which is a division of the Federation of the Royal Colleges of Physicians of the UK.

These regulations apply to the MRCP(UK) Diploma from the date of publication and cover the three parts of the Diploma: Part 1, Part 2 Written, and Part 2 Clinical (PACES).

MRCP(UK) regulations are designed to ensure that:

- all candidates have equal and fair access to, and experience of, the examinations
- the standard of the examinations is not compromised.

These principles should be kept in mind when interpreting these regulations.

The MRCP(UK) Diploma will continue to change to reflect developments in medicine. Candidates should refer to the [MRCP\(UK\) website](#) for the most up-to-date information and examination regulations.

Any dispute concerning the interpretation of these or any other MRCP(UK) regulations will be referred to the Medical Director, whose decision will be final.

By submitting an application for an MRCP(UK) examination, candidates are confirming that they have read, understood and will abide by these regulations, the [candidate code of conduct](#), and the supporting [regulations and guidance](#) on the MRCP(UK) website.

2. Format

The MRCP(UK) Diploma consists of three examinations: Part 1, Part 2 Written, and Part 2 Clinical (PACES). The MRCP(UK) Diploma is awarded to candidates on completion of all three parts of the examination. All candidates must complete each part of the diploma in accordance with these regulations: no exemptions from individual parts of the examination are made.

Part 1 and Part 2 written examinations are multiple choice ('best-of-five' format) papers. The Part 2 clinical examination is the Practical Assessment of Clinical Examination Skills (PACES).

Further information on the format of the examinations can be found on the MRCP(UK) website:

- [Part 1](#)
- [Part 2 Written](#)
- [Part 2 Clinical \(PACES\)](#)

The Part 1 and Part 2 Written examinations are delivered in the UK and the Republic of Ireland using a Remote Online Proctoring system. Further information about this can be found on the MRCP(UK) website. Candidates should familiarise themselves with the system requirements and platform before sitting an online examination. UK candidates can request to sit a pencil and paper version of the examination if required as a reasonable adjustment. The examinations will continue to be delivered in pencil and paper format in international centres, unless otherwise indicated by MRCP(UK).

Detailed information on the marking system and pass standards for the separate parts of the examinations can be found on the [pass marks page](#) on the MRCP(UK) website.

3. Applying for MRCP(UK) Examinations

Details of how to apply for examinations are available on the [MRCP\(UK\) website](#): including fees, methods of payment, application periods, and examination dates.

All applications must be received by 23:55 (GMT) on the advertised closing date; late applications will not be accepted. It is the responsibility of the candidate to ensure that the payment is made, and their application is completed, by the advertised deadline. An application is considered complete only upon receiving full payment of fees and, for Part 1, a correctly attested Primary Medical Qualification (PMQ) or verified General Medical Council registration. Candidates will not be permitted to take any part of the examination unless a correctly attested PMQ has been submitted or their GMC registration verified, and all outstanding fees have been paid in full. If payment of fees and submission of PMQ are not completed by the provided deadline, the candidate's application will be rejected. Once rejected, an application cannot be reinstated.

Candidates who do not complete their application will be liable for an administration charge of 10% of the relevant examination fee and will not be able to apply again until this is paid.

Applications submitted via a third-party organisation or person will not be accepted.

3.1 Entry requirements for MRCP(UK) Examinations

Every candidate for the MRCP(UK) Diploma must hold a medical qualification awarded by an institution that awards primary medical degrees and is recognised by the [UK General Medical Council](#) (GMC) or the [World Directory of Medical Schools](#). Candidates who are or have been registered with the GMC (or equivalent body), must include their GMC number (or equivalent registration number) in their application.

Candidates who are not registered with the GMC will be required to provide an [authenticated copy](#) of their primary medical qualification.

Candidates will not be admitted to the MRCP(UK) Part 1 Examination until 12 months after the date of graduation given on their primary medical qualification. Where the date of graduation is significantly later than the date of completion of the first year of training, the date on which candidates received notice of passing their final examination will be considered. In such cases, candidates must submit documentary proof.

All candidates must pass the Part 1 examination first. Candidates will then have seven years from passing Part 1 within which to pass the Part 2 Written and Part 2 Clinical (PACES) examinations. Applications for the Part 2 Written and Part 2 Clinical (PACES) examinations can only be made once confirmation of passing the Part 1 examination has been received. The Part 2 Written and Part 2 Clinical (PACES) examinations can be taken in any order.

Candidates with less than two years' experience after graduation are unlikely to be able to apply their clinical knowledge or demonstrate their clinical skills across the broad range of cases required in the PACES examination. It is therefore recommended that candidates should have completed their two-year foundation programme and entered Internal Medicine Training (or an equivalent period of training) before attempting MRCP(UK) PACES. Within these two years, not

less than four months should have been spent in posts involving the continuing care of emergency medical patients.

3.2 Language requirements

All parts of the MRCP(UK) Diploma are conducted in English.

As all assessments are conducted in English, the three Royal Colleges of Physicians advise that, to be sufficiently prepared to sit the MRCP(UK) Diploma, candidates' English language ability should be equivalent to International English Language Testing System (IELTS) Level 7.5. However, candidates do not need to have taken IELTS or any other language examination to sit the MRCP(UK) Diploma.

The MRCP(UK) Diploma cannot be used to demonstrate competence in the English language.

3.3 Limited number of attempts

3.3.1 Policy for candidates who start MRCP(UK) before the end of 2021 (valid until the 2023/4 diet)

Candidates are permitted a maximum of six attempts at each part of the MRCP(UK) diploma (as required by the GMC). After six attempts, a candidate will be required to undertake additional educational/training experience for each re-sit and submit evidence of this: further information and the required form is available on the limited attempts page on the MRCP(UK) website. Evidence of such further educational/training experience will need to be supported by a candidate's Educational Supervisor, and the Training Programme Director or equivalent (e.g., a senior physician in the hospital with oversight of trainee doctors). In determining whether a candidate has sufficiently satisfied the requirements to enable them to undertake a further attempt, the decision of MRCP(UK) will be final.

3.3.2 Policy for candidates applying for first attempt at MRCP(UK) Part 1 from 2022/1

Candidates are permitted a maximum of six attempts at each part of the MRCP(UK) diploma (as required by the GMC). After six attempts, a candidate will be able to apply for an exceptional additional attempt using the process outlined on the MRCP(UK) website. Candidates must submit evidence to support any request, which will be considered by the MRCP(UK) Regulatory Sub-Group, whose decision will be final.

3.4 Examination eligibility period

Candidates who do not pass the Part 2 Written *and* PACES examinations within seven years of passing the Part 1 Examination will be required to take and pass the Part 1 Examination again. Candidates who re-enter the MRCP(UK) Part 1 Examination and pass will then have a further seven years in which to pass the Part 2 Written and PACES examinations. The rules outlined in paragraph 3.3 on limited number of attempts will still apply.

It is the candidate's responsibility, before applying for either the MRCP(UK) Part 2 Written or the PACES Examination, to ensure that they have enough time to pass both examinations within the seven-year eligibility period. Candidates will not be eligible for any refund of examination fees on the grounds that they have passed one of these examinations but no longer have time left to complete the other.

3.5 Candidates with constraints on their practice

Candidates who have been erased from the GMC register (or that of an equivalent international body) for reasons related to fitness to practise are not permitted entry to any MRCP(UK) examination.

Candidates who are suspended from practice by the GMC (or equivalent international body) and/or their employer are not permitted to apply for entry to any MRCP(UK) examination until the suspension has been lifted.

Candidates who are subject to any warnings, interim orders, undertakings or conditions on their practice from the GMC (or equivalent international body) and/or their employer must declare this information to MRCP(UK) upon applying to any MRCP(UK) examination, using the MRCP(UK) and Specialty Certificate [Candidate Declaration Form](#). Candidates are also required to disclose information as to why the condition or undertaking has been imposed. Any information provided may be checked with the GMC (or equivalent) and/or their employer. This will be reviewed by MRCP(UK) prior to the examination and will be taken into account in deciding whether a candidate is permitted to sit the examination. MRCP(UK)'s decision on these matters is final.

Candidates should note that failure to declare conditions, warnings or suspension as required:

- at the time of application
- prior to the examination date for which they have entered, or
- when applying for election to membership

will result in penalties being applied as defined in the MRCP(UK) [Code of Conduct](#) and [Misconduct Regulations](#).

3.6 Concessionary fees for MRCP(UK) Part 1 only

MRCP(UK) offers a financial concession to doctors in the UK with refugee status who wish to pursue the MRCP(UK) diploma. The concession is offered in respect of the MRCP(UK) Part 1 Examination only and permits a reduced fee of £50 for entry to the examination for those eligible.

The concession applies only to examinations sat in the UK, and to doctors with the following status:

- Those who have been given refugee status and who are recognised as a refugee under the 1951 UN Convention
- Those who have been given indefinite leave to remain in the UK with refugee status
- Those who have been given exceptional leave to remain in the UK
- Those with exceptional leave to remain (granted prior to 1 April 2003)
- Those with humanitarian protection (granted on or after 1 April 2003)

For a concession to be granted doctors must provide, at each application, an original letter from the Home Office, or a refugee residence permit, confirming that they fall into one of the groups listed. No alternative documentation will be accepted. Requests should be made to the Administration Office of the college of entry for the examination.

3.7 Names and identification

Candidates will not be allowed into any MRCP(UK) examination without appropriate identification (ID). All ID documents must be in date, and the name on the candidate's ID must EXACTLY match that on the admission document issued by MRCP(UK). This will be the name registered on MyMRCP(UK), usually your first/given name(s) followed by father's name or family name.

If the name under which a candidate is applying for the examination is different from the name that appears on their primary medical qualification or the GMC register, they will need to submit a certificate from the issuing university or an affidavit stating that the candidate (in his or her full name) is the same person as that named on the primary medical qualification or GMC register. A candidate who changes their name by marriage or deed poll must submit the original or authenticated documentary proof of this if they wish to be admitted to the examination in their new name.

Candidates must also notify MRCP(UK) if the name as it appears on the photographic identification that will be used to gain entry to the examination is different from the name that appears on their primary medical qualification.

It is the candidate's responsibility to resolve any discrepancies with MRCP(UK) before the examination. Please contact either MRCP(UK) or the relevant college's [Administration Office](#) with any queries regarding name discrepancies.

Candidates are advised to provide authenticated copies of any original documentation or provide documentation by email ahead of the examination date. MRCP(UK) cannot accept responsibility for any items lost in transit.

MRCP(UK) records, and the MRCP(UK) diploma, show given names followed by the family name, for example, Alan John Smith.

3.8 Candidate responsibilities

Prior to the examination, candidates must:

- i) Ensure that their application is complete in accordance with paragraph 3.
- ii) Provide full contact details. Candidates must ensure MRCP(UK) is notified of any change.
- iii) Read and act on any correspondence from MRCP(UK) or the relevant administrative office.
- iv) Ensure that all information provided is accurate. Providing false information at any stage will be regarded as an act of suspected misconduct and investigated accordingly.
- v) Be feeling well enough to undertake the examination. It is the candidate's responsibility to ensure that they are physically and mentally fit to sit the examination. Should a candidate feel unwell prior to the start of the examination, they should inform an invigilator and consider withdrawing from the examination; it is possible to withdraw from the examination right up to the start time. In these circumstances, the attempt would be removed from a candidate's record and their fees would be refunded (see below). Candidates are reminded to be aware of their responsibilities as doctors to take into account any risks that their own health may pose to others, such as other candidates, examiners and patients.

vi) Consider the time required to obtain any necessary visas. It is the candidate's responsibility to ensure they are eligible to receive a visa for entry to the country in which they are applying to sit an examination, and to submit the visa application in sufficient time. No refunds will be provided if a candidate is unable to attend an examination as a result of visa-related problems. Further information is available on the [MRCP\(UK\) website](#).

3.9 Reasonable adjustments

Candidates sitting any MRCP(UK) examination who have a disability as defined by the [Equality Act 2010](#) are entitled to request reasonable adjustments to the examination. Further information, including how to apply for an adjustment, can be found on the [Reasonable Adjustments page](#) on the MRCP(UK) website.

3.10 Withdrawal from the examination and refund of examination fees

Candidates have the right to withdraw from the examination after submitting an application. Any candidate wishing to withdraw should contact the appropriate administrative office by email, providing their RCP Code Number, full name, and date of birth to assist with identification. A withdrawal will not be counted as an attempt.

Requests to withdraw from the Part 1, Part 2 Written, or PACES examinations in UK centres should be submitted by the end of the application window. Candidates whose withdrawal request is received by this stage will be refunded 90% of the examination fee paid (10% of the fee is retained as an administrative charge).

Candidates who are allocated a space will be provided a payment deadline (usually 14 days) and must make payment within this time. Candidates who withdraw within this period will be liable to pay 10% of the fee as an administrative charge and this must be paid before submitting their next application. Candidates who withdraw after this will be liable for the full examination fee.

In some cases, results for PACES examinations may be released during or after the application period for the next available PACES diet. International candidates awaiting results from a recent PACES examination can submit provisional applications for the next available diet by applying as normal in any PACES application window. If a candidate who has submitted a provisional PACES application passes their previous attempt, they will be automatically withdrawn and refunded in full.

Refunds will not be made where candidates submit their withdrawal request after the application period closing date unless there are circumstances deemed exceptional that can be substantiated (i.e., that appropriate evidence is provided). In these situations, candidates should contact MRCP(UK) or the relevant college's administrative office within four weeks of the date of their examination.

4. Examination Day

4.1 General Standards of behaviour

The standards of behaviour expected of those applying to, and sitting the examinations, are outlined in the MRCP(UK) [Candidate Code of Conduct](#). Any breach of the examination rules and regulations will result in a misconduct investigation and the possibility of severe penalties, including exclusion from future examinations and being reported to the UK General Medical Council (or equivalent national regulator). Further information can be found in the [candidate conduct](#) section of the MRCP(UK) website.

4.2 Absence

Candidates who do not attend the examination, without notifying MRCP(UK) or the relevant Administration Office will be recorded as absent.

Refunds will not be made where candidates are absent unless there are circumstances deemed exceptional that can be substantiated.

Absence will count as an attempt at the examination. Further information can be found on the [limit on attempts page](#) on the MRCP(UK) website.

4.3 Cancellation

On very rare occasions, it may be necessary for MRCP(UK) to cancel an examination. In these circumstances, MRCP(UK) will refund, in full, the examination fee of any candidate allocated to the affected examination centre(s) or transfer them to the next available diet. A cancelled examination will not count as one of the candidate's six attempts allowed for an examination (see [Limit on Attempts](#)).

MRCP(UK) will not be responsible for any expenses (such as visa application, travel, or accommodation) incurred by a candidate in the event of such a cancellation.

4.4 Examination start times

(a) Online examinations

Candidates should start the registration process for their examination at the time indicated on their admission emails. Candidates will not be permitted to sit the examination if they start the registration process more than 30 minutes later than the indicated time unless they have been affected by technical difficulties.

(b) Examination venues (pencil & paper delivery)

Enhanced infection control and social distancing measures are in place at examination venues. Candidates may be subject to additional checks and requirements (e.g., temperature checks and wearing masks), and must comply with local procedures and instructions from the invigilators.

Candidates are advised to allow for any transport delays when planning their time of arrival at the examination hall as, for security reasons, we cannot guarantee that they will be permitted to enter the examination hall after the start of the examination.

It should also be noted that, in conditions of heightened security, the examination start time could be delayed. Candidates are therefore advised not to make homeward travel plans that could be jeopardised if the examination starts late or is interrupted for any reason.

Candidates should arrive outside the examination hall at least 30 minutes before the reporting time and should not enter until instructed to do so by the invigilator(s).

Candidates will not be admitted to any paper if they arrive more than 30 minutes after the examination has started, unless in exceptional circumstances with the express permission of the invigilator(s).

If a candidate is not permitted to enter the test room because they arrive late, they will be considered absent.

4.5 No ID, No Entry

Candidates should bring the MRCP(UK) issued admission document to the examination along with their ID. The rules for ID verification also apply to candidates sitting online examinations – information on how the process is carried out is provided on the MRCP(UK) website. Candidates in the online examination who do not present their ID will be reported by their proctor to MRCP(UK) and will not be permitted to proceed with the examination until the ID has been verified.

In accordance with paragraph 3.7, Candidates will not be permitted to sit the examination unless they produce suitable valid identification, which must be in date. This will normally be a passport. Where candidates do not possess a passport, some other form of identification may be acceptable, provided that it includes both the photograph and signature of the candidate (see list of Primary ID documents below).

Acceptable Primary ID Documents:

- Current valid passport (containing photograph and signature)
- Full or provisional photocard driving licence
- EEA Member State identity photocard
- National identity photocard for non-EEA foreign nationals
- Identity card issued by the Electoral Office for Northern Ireland
- Alternatively, two forms of identification, one with a photograph and the other with a signature, will be accepted (see list of Secondary ID documents).

Acceptable Secondary ID Documents:

Two forms of secondary ID will need to be shown together e.g., NHS/Hospital Identity card with a debit card; at least one of these MUST CONTAIN a photograph and a signature (this does not necessarily need to be in the same piece of ID):

- Valid credit or debit card
- Valid student card with photograph
- NHS/Hospital Identity card
- Paper driving licence
- Certified copy of passport or driving licence. *

*These documents must be accompanied by an official stamp or letter from the issuing organisation in order to qualify as an acceptable form of ID. Self-made photocopies will not be accepted without such official corroboration.

Additional forms of ID may be considered provided candidates contact their college's administration office or MRCP(UK) well in advance of the examination.

Candidates should ensure that the name on their ID exactly matches the name on their admission document. Where names do not match, candidates must contact the relevant college's administration office or MRCP(UK) well in advance of the examination for advice.

Admission to the examination will be at the discretion of the invigilator(s), and invigilators have the right to question a candidate further if they are not satisfied with the identification that has been provided.

The Royal Colleges of Physicians observe sensitivity in the visual identification of candidates, but advance notice should be given by candidates of any anticipated difficulties.

4.6 Conduct in written examinations

(a) Online examinations

(i) General rules

MRCP(UK) has introduced these updated regulations for the online examination to ensure that the experience is as consistent as possible with sitting in a pencil and paper venue.

Candidates sitting an online examination will be monitored by a remote proctor (invigilator) for the duration of both papers and must comply with any instructions given. Invigilators may speak to candidates during the examination.

Examination content must not be copied or recorded in any way. If a proctor suspects that a candidate is attempting to copy examination content they will speak to the candidate, ask them to stop any activity, and make a report of the incident to MRCP(UK).

Candidates are permitted to use blank paper for making notes (a maximum of six loose pages, i.e., not bound in a notebook). These must be shown to the invigilator at the start of the examination and destroyed in front of the proctor at the end of each examination paper. Candidates must confirm to the invigilator that this has been done.

Candidates must not switch off their webcam or screenshare feed during the examination. Technical difficulties should be reported to the invigilator or using the help facility as soon as possible during the examination so support can be provided in resolving these. Candidates should report any issues encountered to MRCP(UK) after the examination so these can be taken into account during results processing.

Candidates must:

- Ensure that they are in an appropriate environment for sitting the examination with no other people present and demonstrate this to the invigilator prior to starting.
- Accept the Non-disclosure agreement prior to starting the examination.

- Complete both examination papers in the correct order on the same day or their results will not be counted.

Candidates are permitted to:

- Submit their answers and exit from the examination system if they finish before the advertised end time. They are not required to stay online for the full duration of the paper if they have completed it.
- Use devices connected to their computer to ensure uninterrupted internet connectivity during the examination. These devices should not be capable of storing information, accessing the internet, or communications and MUST be shown to the proctor during the set-up process.
- Take breaks during the examination. They should indicate to the invigilator that they are taking a break, but do not need to wait for permission before leaving their examination environment. Invigilators will keep records of any breaks taken by candidates. No additional time be added to the examination to compensate for breaks.
- Have drinks or snack on their desks.

(ii) Violations

To prevent academic misconduct during online examinations, and to ensure that they are not interrupted by proctors, candidates are NOT permitted to:

- Look at a mobile phone, tablet, or any other device capable of communication or storing information. All such devices must be removed from the examination environment prior to starting, and this must be confirmed with the invigilator during initial checks. Candidates can use mobile phones if they need to contact MRCP(UK) in the event of encountering technical difficulties during the examination.
- Wear any of the following items (this will be checked during the registration process):
 - earplugs or headphones
 - any clothing that can be used to hide materials, i.e., hooded jumper. Items worn for religious purposes are permitted and discretion will be exercised in conducting ID checks
 - Sunglasses (unless permitted for medical reasons) or smart glasses
 - Watches (including smart watches)
- Switch off their webcam or screenshare feed.
- Access any web pages other than the ones required for sitting the examination. Any other web pages that candidates have open before starting the examination should be closed. Candidates can access email accounts if they need to contact MRCP(UK) in the event of encountering technical difficulties during the examination.
- Access other applications on their computer
- Take screenshots of or copy examination content
- Talk to anyone outside the room or attempt to communicate with anyone else sitting the examination using phones or email.
- Use multiple screens
- Use a calculator
- Have textbooks or notes in the examination environment (blank paper is permitted)
- Sit in a room that is too dark
- Angle their laptop or camera upwards or have their face obscured
- Vape or smoke

If invigilators identify any of the above behaviour, they will make a record of this, and it will be reported to MRCP(UK). Candidates will also be reported if they are seen to be looking away from their screens repeatedly or looking at their hands or wrists.

Candidates are reminded that in all MRCP(UK) examinations statistical methods are used to detect anomalous candidate behaviours which may be regarded as academic dishonesty. In the online version of examinations these will be supplemented by the detailed analysis of 'click streams' so that candidates' progress through the examination can be monitored and assessed and can be compared with video and other records of candidate behaviour. Further information can be found on the MRCP(UK) website.

(b) Examination venues (pencil & paper delivery)

Invigilators are present at all MRCP(UK) written examinations to ensure that regulations are enforced. Invigilators will:

- Speak to candidates if they suspect any infringement of the regulations to make clear what is causing concern and remind the candidate of the relevant rules and instructions
- Confiscate any unauthorised material from candidates.
- Prevent candidates from continuing with examinations if they have committed misconduct. Candidates may be ejected from an examination if their conduct causes disruption.
- Compile a report for MRCP(UK) about the examination, including any incidents of suspected misconduct.

Candidates should remember the following rules when sitting written examinations:

1) Candidates must use only the stationery provided. Candidates will be advised if they are required to bring their own stationery for infection control purposes. Pens and highlighters are not permitted without prior approval. Rough work should be completed on the question booklet and not on admission documents.

2) Candidates are only permitted to have items required for the examination on their desk, i.e., question booklets and answer sheets, stationery, ID, and admission documents. Food and drink are permitted (this may not apply in all centres). All other personal possessions (e.g., mobile phones) should be kept away from candidates' desks and as directed by invigilators; candidates can bring other items if these have been permitted by MRCP(UK) as an approved reasonable adjustment. Candidates are not permitted to have devices that can make calculations, store information or be used for communication (including smart watches) on or around their desks; these must be switched off and stored with belongings.

3) If a candidate has unwittingly brought any unauthorised item into the examination hall, this should be handed to an invigilator before the examination starts or at the earliest opportunity.

4) Candidates must comply with all instructions given to them by invigilators, even if they judge the instruction to be unreasonable.

5) Candidates must not start reading or answering the examination questions until the start of the examination is announced by the invigilators. Candidates should immediately stop working when instructed to do so by the invigilators and remain in their seats while papers are collected. Any

candidate observed to be continuing work after the end of the examination has been announced will be reported.

6) Candidates:

- must not attempt to read the work of any other candidate or communicate in any way with any other candidate.
- should ensure that their work is covered if they are away from their desk at any stage.
- must report any concerns about the conduct of another candidate to an invigilator.
- must inform invigilators about any factor (e.g., noise disruption) that is adversely affecting them during the examination.
- must stay for the full duration of each paper. Candidates cannot leave the examination hall as a result of finishing the examination paper early or they will have their attempt annulled. Candidates who have received extra time as a reasonable adjustment are entitled to leave after three hours if they have completed the examination, and do not need to stay for the additional allocated time.
- must ask permission to leave the examination hall temporarily. Candidates cannot leave the examination hall temporarily during the first 30 minutes or the final 10 minutes of either paper.

7) Examination papers or materials must not be removed from the examination hall. Candidates should not attempt to copy individual questions. All MRCP(UK) examination questions are confidential and are under the copyright of the Royal Colleges of Physicians. Information about questions should not be communicated to any person or third-party organisation during, or at any time after, the examination. Candidates should inform MRCP(UK) if they are approached or asked to divulge examination content in any form whatsoever by any person or organisation. The Colleges reserve the right to initiate civil action and/or criminal prosecution if theft of intellectual property is suspected.

4.7 MRCP(UK) Part 2 Clinical Examination (PACES)

(a) Arrival at the examination venue

Infection Control measures

Candidates will be required to comply with the infection control procedures in place at centres to support delivery of the examination in accordance with government guidance:

- All candidates in UK centres must complete the health questionnaire distributed before the examination and submit this online ahead of the examination day.
- Temperature checks will be conducted at each examination centre. Candidates whose temperature is equal to or above 37.8 degrees will not be permitted entry.
- Candidates must use the provided PPE at each encounter in stations 1, 3 and 5.
- Candidates must wear masks at all other times, except in Stations 2 and 4. Candidates are permitted to remove their masks once they have entered the Station 2 and 4 rooms.
- Candidates who are exempt from wearing masks for medical reasons must inform MRCP(UK) in advance of sitting and request this as a reasonable adjustment using the process outlined on the MRCP(UK) website.
- Candidates must follow all instructions from examiners and venue staff. Candidates are advised not to travel to the examination venue if they feel unwell on the day of the examination or if their circumstances have changed since completing the health questionnaire; the normal process for requesting a withdrawal should be followed.

Candidates who do not comply with these rules will be denied entry to the examination. The Chair of Examiners will have discretion over whether candidates will be permitted to sit. There will be limited space to leave belongings, so candidates should minimise the amount that they bring with them.

Social distancing

Candidates will be required to observe social distancing at all times in examination venues, except when examining patients. This may result in changes to timings for the day; exact information will be provided to candidates in admission documents.

(b) Conduct in the examination

Candidates are expected to observe the following standards of behaviour when attending the PACES examination.

1) Candidates must not seek to gain prior knowledge of the clinical cases or scenarios used in the examination. They must declare all workplaces, training posts and courses attended in the past 12 months when submitting their application. Candidates must not visit the hospital or examination centre to which they have been allocated to sit PACES prior to the examination. Failure to comply with these rules will be regarded as an act of suspected misconduct; admission to the examination will not be allowed and the action(s) of the candidate will be investigated accordingly.

2) Candidates may not carry any device that can store information or be used for communication (e.g., mobile phones or smart watches) while in the examination.

3) Candidates wishing to use their own equipment such as an electronic stethoscope or magnifying ophthalmoscope must inform the centre of their intention as soon as they arrive to permit examiners to have the opportunity to assess patients using it. Candidates who fail to declare their intention in this manner may be prevented from using the equipment.

4) Examinations will be conducted in strict accordance with the host centre's hygiene and infection control procedures, which may vary according to the centre. Candidates should wear appropriate professional dress. Candidates anticipating difficulties in complying with infection control procedures or dress requirements must provide details to MRCP(UK) or the relevant college of admission when submitting their application.

5) Candidates must inform the examiners at the station if they have encountered the patient before, for example during training or a course. Such a declaration will not prevent the candidate from completing the examination; failure to declare prior knowledge of a patient will be regarded as suspected misconduct and investigated accordingly.

6) All MRCP(UK) clinical scenarios are confidential and are the copyright of the Royal Colleges of Physicians. Candidates must not:

- Copy or remove scenarios from examination centres
- Communicate any information about the cases or scenarios in the examination, to any other person or organisation during, or at any time after, the examination. They should report any such approaches to the relevant college or to MRCP(UK) immediately.

Candidates who view material during their preparation which appears to be from an examination centre or refers to patients used in an examination should report this to MRCP(UK).

7) Candidates will be prevented from proceeding with PACES if the examiners believe that they are too unwell to continue or if their conduct is likely to endanger patient safety, cause distress or disrupt other candidates. Candidates who are considered by examiners to be acting in an unprofessional, improper or inappropriate manner during PACES will be asked to stop that particular part of the examination and may be prevented from continuing with the examination. MRCP(UK) will also report these issues to candidates' employers or supervisors.

8) It is the candidate's responsibility to ensure that they demonstrate the required skills within the time allowed.

(c) Remote Station 2 and 4 (UK centres only)

Candidates may be allocated to undertake the Physical examination (Stations 1/3/5 mini-cycle) and the Communication mini-cycle (Stations 2/4/rest) in either order.

Candidates who have the rest station as their final station are required to remain for the whole duration of this station and are not permitted to leave the examination early.

If an unresolvable technical issue should prevent candidates from completing Station 2 and /or Station 4, candidates will be offered the opportunity to make up the affected station(s) on a later date. Candidates may need to attend a different examination centre for this.

Candidates undertaking the Communication mini-cycle first, who experience an unresolvable technical issue can decide either to:

- abandon the examination at this point. In this instance the attempt will be annulled, and a full refund issued. Every effort will be made to ensure that the candidate can be accommodated in the next diet. OR
- proceed with the Physical Examination cycle (Stations 1, 3 and 5). In this instance the candidate will be offered the chance to make up the missing Station 2 and/or 4 as described above. In such cases no appeal will be considered relating to stations 1, 3 or 5 on the basis that their performance was hindered by the stress of their experience at 2 or 4.

5. After the examination

5.1 Candidate Results

Examination results will be communicated to candidates in accordance with the timescales indicated on the MRCP(UK) website.

5.2 Circumstances affecting results

In the event of procedural irregularity in the conduct of the examination or exceptional circumstances that have adversely affected their performance, candidates should inform MRCP(UK) as soon as possible after the examination. The full appeals process will only commence after results have been issued. Further details can be found on the [appeals page](#) of the MRCP(UK) website.

5.3 Anomalous results

MRCP(UK) treats its responsibility to protect patient safety and ensure that the public can have full confidence that its qualifications reflect the highest standards of UK medicine with the utmost seriousness. Candidates are advised that MRCP(UK) may withhold or annul results and require a candidate (or a group of candidates) to re-take any part of the MRCP(UK) Diploma. This action will be taken if MRCP(UK) is presented with:

- sufficient evidence that the security of any part of the examination has been compromised.
- statistical evidence, based on accepted psychometric procedures, which are rigorously undertaken for every diet of every examination, which demonstrates that a candidate's results do not accurately reflect their performance.

MRCP(UK) reserves the right to enforce this in the absence of evidence of direct candidate involvement in any activities that may be investigated under the misconduct regulations. Where possible candidates will be informed of any such action being taken prior to the published date for the release of results for the relevant examination.

6. Completion of the MRCP(UK) Diploma and election to Membership

Once a candidate has successfully completed their final part of the diploma, they will have their success confirmed in a results letter. This letter will include information about election to membership, and information about admission ceremonies. The [Form of Faith](#) should be completed and submitted to the candidate's chosen college for election to membership.

Candidates cannot claim to hold the MRCP(UK) Diploma or use the post-nominal 'MRCP(UK)' until they have passed all three constituent examinations.

Candidates are required to declare details on the Form of Faith of any suspension, condition or undertakings on their practice (including interim orders) from the General Medical Council (or equivalent body) or employer at the time of their application for election to membership.

By completing and submitting the Form of Faith, candidates are agreeing to abide by the Laws, Bye-Laws, Statutes and Regulations of the Royal Colleges of Physicians of the United Kingdom. Copies of the Laws, Bye-Laws, Individual Statutes and Regulations relating to Members can be inspected on application to the respective Colleges.

MRCP(UK) Diplomas will not be issued until the signed Form of Faith has been received, processed and deemed to be satisfactory.
